Dear DreamWorks Family and Friends,

Welcome to our Holiday production of *The Three Trees!* This beautiful story follows three little trees with big dreams. Each becomes something unexpected—a manger, a fishing boat, and a cross—and discovers a purpose far greater than it imagined. Their journey reminds us that God's plans are often different from our own, yet filled with meaning and love.

Bringing this story to life takes many hearts and hands. We are deeply grateful for every teacher, choreographer, and classroom teaching assistant who has poured time, creativity, patience, and encouragement into our students. From teaching the first steps to rehearsing the final bows, your dedication makes this production possible.

To our performers, thank you for your hard work and joyful spirits. To our families, staff, and volunteers, thank you for the rides, rehearsals, costumes, props, prayers, and countless acts of support behind the scenes. We are blessed by our DreamWorks family and the love you share. A SPECIAL SHOUTOUT to our Seniors Aubrey and Tilly, Class of 2027

May today's performance remind us that even when our dreams change, God is still writing a beautiful story.

With love and gratitude, Miss Chylene
